

As a Nasher Intern working in “____,” expect to...

ACADEMIC INITIATIVES

- Be part of a department that serves as a liaison between the Nasher Museum and Duke University
- Research objects for the Academic Focus Gallery
- Assist in outreach toward and planning for class visits to the Nasher
- Manage and organize artifacts in the Teaching Collection

CURATORIAL

- Be part of a department that organizes exhibitions and cares for objects in the collection
- Assist the curatorial team with research and planning for upcoming shows
- Learn about the steps involved in putting an exhibition together, as well as the day-to-day tasks of working in an academic museum

DEVELOPMENT

- Be part of a department charged with raising the money needed to keep the Nasher running
- Research artists and objects in the museum’s collection
- Plan and attend activities and events to foster donor relationships
- Assist with museum’s membership programs, aimed at individuals and companies who pay an annual fee to enjoy special benefits from their support of the Nasher

EDUCATION

- Be part of a department that aims to make learning about enjoyable for all audiences
- Facilitate activities for the public at the Nasher, such as Free Family Days
- Research museum accessibility and diversity initiatives

GRAPHIC DESIGN

- Be part of a department that oversees *all aspects* of design—online and offline—at the museum
- Work closely with the museum’s graphic designer and web content manager to create print and digital content that will inform, educate and excite museum audiences
- Conduct UX User research and SEO research for Marketing Team

REGISTRAR

- Be part of a department that helps keep track of objects in the collection through collections management software and data processing
- Make the collections database more efficient and usable through projects involving cleaning-up data, editing, adding information, etc.
- Write descriptions for objects in the collection
